Testimonials

Chisara is generous with sharing her knowledge and expertise when it comes to reading and critiquing others' work. When she reviewed the first draft of my poetry manuscript, she understood and honored my voice and style, encouraged me to go further, and made me feel seen and appreciated rather than marginalized.

-Alix P.

For someone who is just starting to explore my identity as a writer, Chisara provides a safe, affirming, and warm place to dip my toe in the waters. I was able to disconnect from the world and reconnect with my love for such expression.
